

Dynamics Report Manager

The premier report manager for Crystal, SQL Reporting Services, and Microsoft Dynamics® GP Reports

Print Crystal and SQL Reports directly from Microsoft Dynamics GP Dynamics Report

Dynamics Report Manager launches Crystal and SQL Reporting Services Reports from within Microsoft Dynamics GP. Users can print reports out of standard Microsoft Dynamics GP windows without ever needing to learn these reporting tools. Integrated security and rich parameter features make this tool a must-have for any Microsoft Dynamics GP site utilizing the power of Crystal Reports or SQL Reporting Services.

Save thousands on Crystal Reports licensing

Dynamics Report Manager covers your entire enterprise for unlimited users, unlimited reporting when printing Crystal Reports to screen or printer. Dynamics Report Manager uses a royalty-free print engine so your company can save thousands on costly licenses. If you've ever priced Crystal enterprise products, you know the savings are immense.

Zero training, easy navigation

Dynamics Report Manager uses a centralized Report Explorer to list all Crystal, SQL, and Microsoft Dynamics GP reports. From one view, users can choose their favorite reports, specify parameters if necessary, and direct those reports to screen, printer, PDF, and more. Because everything happens inside of Microsoft Dynamics GP, users require no additional training and experience an intuitive integrated interface.

Launch reports from anywhere

Dynamics Report Manager allows any report to print from ANY window, including any third-party product! Dynamics Report Manager will pass values from windows to the report for a truly seamless one-click reporting experience. Reports can also be printed from the Report Explorer, and optionally utilize standard Microsoft Dynamics GP lookups to assist with parameter selection. With embedded security, you can control user access to all of your

“Crystal Reports, at times, is a very frustrating product to work with, but DRM really takes quite a bit of the pain away.”

Mike Bodine
